

Kompakt Sweeper

Type *Kompakt* 520 for Micro-Tractors and Community Vehicles

The *Kompakt* sweeper incl. PTO-drive has been developed in particular for your micro-tractor or community vehicle. Big brush segments ø 520 mm made of 100% PP - honey-comb shaped - guarantee a long life of the brush! The *Kompakt* applies for the summer and winter service. Simple brush adjustment is achieved by the approved Tichel adjusting-lever system. Mechanical angling for the *Kompakt* is standard. Collection of dirt and simple sweeping; both is possible without dismantling the hopper.

Attachment systems:

- A-frame / Three-point linkage incl. level compensation
- Attachment plate for community vehicles incl. level compensation

Options:

- Large hopper, hydraulic emptying incl. 3rd support-wheel and vulkollan lip (to avoid that little stones slip off)
- High-filling device inside hopper; approx. + 30% filling-capacity
- PTO-shaft
- Hydraulic drive
- Mixed bristle brush (50% wire / 50% PP) or snow brush
- Water-spray system incl. water pump (12 V) and 100 l water tank for rear mounting via three-point linkage
- Hydraulic angling (additional double-acting circuit required)
- Adjustable side brush, hydraulic drive for low-wall sweeping
- Extra heavy-duty wheels for rough jobs and uneven surfaces
- Road traffic equipment – for use on public highways
